

## ArtTech's New Home

I am very pleased to be able to inform you that ArtTech has now got a new home in Canvey Island. Things haven't worked too well for us since we moved out of Lakeside but we are now settled and fully operational from our new site and are looking forward to seeing you soon.

Our new opening hours are Mon-Fri 8am – 6pm and Saturday 9am – 1pm. Appointments can be made outside these opening hours of an Evening, on a Saturday afternoon & on a Sunday if these hours are not convenient for you

All of the animation art & collectables featured in this newsletter are available in our newly refurbished showroom – with much much more available which we didn't have room to fit in!! Please Email or call for details.

*This will be the last paper newsletter I publish due to the rising costs in printing and postage. I will be doing a monthly/bimonthly newsletter (depending on how often new products are released) which will be sent out via Email - So if you would like to receive regular updates on new releases, special offers etc etc then please call or Email me with your contact details and what you are interested in.*

A map of how to find us can be found on [www.artechanimation.co.uk](http://www.artechanimation.co.uk) – Find us. Click on Canvey Island, enter in your address and directions will be generated for you.

Below are all our new contact details – We look forward to seeing you at our new home soon.

All the best & thank you for your continued support

*Alan.*

ArtTech Animation & Framing  
Units 3 & 4 Northwick Road  
Canvey Island

Email [info@artechanimation.co.uk](mailto:info@artechanimation.co.uk) OR [alan@arttechframing.co.uk](mailto:alan@arttechframing.co.uk)

[www.artechanimation.co.uk](http://www.artechanimation.co.uk) is the website for all of the animation art & collectables – this will be updated early in the New Year – but please feel free to browse the site and come to me with any questions you may have in the meantime.

[www.arttechframing.co.uk](http://www.arttechframing.co.uk) is the website which will be showing many different framing samples and all of the Sports, Movie & Music memorabilia that we offer. This site is currently work in process – so please keep popping back to check out the updates.
